# RECORDING INSTRUCTIONS

1 Ready to begin?  
Touch the wall panel.

2 Log in to your YuJa account  
using your UNL email.

3 Select the setup you want  
to use. Setup options may  
vary by location.

4 Select recording view.

5 Adjust camera controls  
if needed.

6 Press 'Start Record.' You have  
3sec before recording begins.

7a The length of your recording is  
displayed during recording.

7b The MP4 file will save to your  
YuJa account after you hit the  
Stop Recording button.

8a Make sure to exit and shutdown to  
avoid anyone using your YuJa  
account.

8b You should see this screen  
after you have logged out.

9 Processing time varies by  
length of recording but usually  
takes no more than an hour.

10 Check your video in YuJa. Don't  
see your video after an hour?
